

cnj[®]
FOR THE BEST TOWEL

CNJ Towel Co., Ltd. is a towel manufacturer that delivers satisfaction to its customers with strict quality control and the utmost care put into each and every towel, driven by the gratitude for customer support.

The heartfelt ideas come together to create a delicate, premium towel with the various shades of pastel colors and personally embroidered finish, while the premium towel design demonstrates rich coloring within the harmonization of soft violets, whites and greens.

The superior moisture retention that absorbs any and all moisture with a simple pat also ensure comfort against the skin.

Everyone has those moments when you just yearn to leave a beautiful memory behind. Whether it's your wedding, the commemoration of your parent's 60th or 70th birthday celebrations wishing them nothing but a long and healthy life, the first day of a company opening filled with the hope of future success or an alumni gathering where you reflect back on the days of old with former schoolmates, you need a gift that communicates sincerity. "The unique design comprised of that beautiful logo, symbol marks and writing on those towels would make for the perfect gift," enabling relationships to grow that much closer.

We, at CNJ Towel, are always try to ensure that whatever event or commemoration you may be celebrating, is a successful and joyful one and ask for your encouragement and support as we work to provide you with assistance in any event, as if it were our very own.
Thank you.

antibacterial mark

SIZE	40cm x 80cm
COLOR	charcoal, blue, khaki, white, beige, pink
MATERIAL	40'S/2 combed yarn
PRODUCT CODE	GSL 007

40'S/2 combed yarn

Towel softness is maintained over the long term with the sparse presence of lint through a combing process that removes foreign particles and tiny fibers appearing during manufacturing. The towel fibers are also longer and more durable than traditional fibers, allowing for increased softness and fabric shine.

MATERIAL	Bamboo yarn
PRODUCT CODE	GSL 004

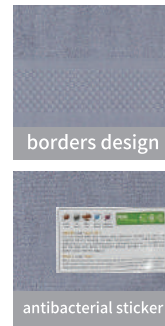

BAMBOO YARN

Bamboo yarn is made of 100% pure plant-based fiber extracted from bamboo trees. Compared to cotton, it has 70% higher instant absorptive power and it does not cause any skin irritation as its pH level is neutral. With its improved antibacterial effect (by 80%) thanks to the organic acids and amino acids found in bamboo, it helps prevent allergies and atopy. Its texture is as fine as bamboo, and it has diverse functions including deodorization, anion emission and cooling effects.
